

**PRESS RELEASE BY THE KENYA NATIONAL UNION OF NURSES
(KNUN)**

GOOD AFTERNOON LADIES AND GENTLEMEN,

I wish to start by sending a message of condolence to the families who lost their loved ones following the tragic fire accident in Naivasha yesterday evening.

I also wish those injured quick recovery and urge members of the medical fraternity who are attending to them to do their best to ensure we lessen the pain and suffering. Our union will endeavor to provide all the necessary support.

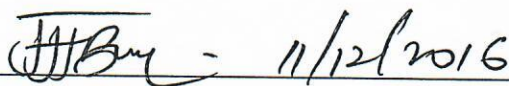

In this regard cognizant of the suffering Kenyans have endured over the last week following a strike by health workers across the country, we are happy to announce to the nation that the National Government of Kenya, all County Governments and we the Kenya National Union of Nurses (KNUN) have this afternoon successfully concluded and signed a duty resumption agreement.

Consequently, we ask all nurses in the country to report back for duty **immediately.**

By way of this release all the members of the National Governing Council are hereby invited to the already scheduled meeting for tomorrow the 12th December 2016 commencing at 9.00 a.m. at Railways Club Nairobi for the ratification of the agreement.

Maurice Opetu
Deputy General Secretary
**The Kenya National Union of
Nurses (KNUN)**

John K. Biiy
Chairperson
**The Kenya National Union of
Nurses (KNUN)**

Dated 11th December 2016
